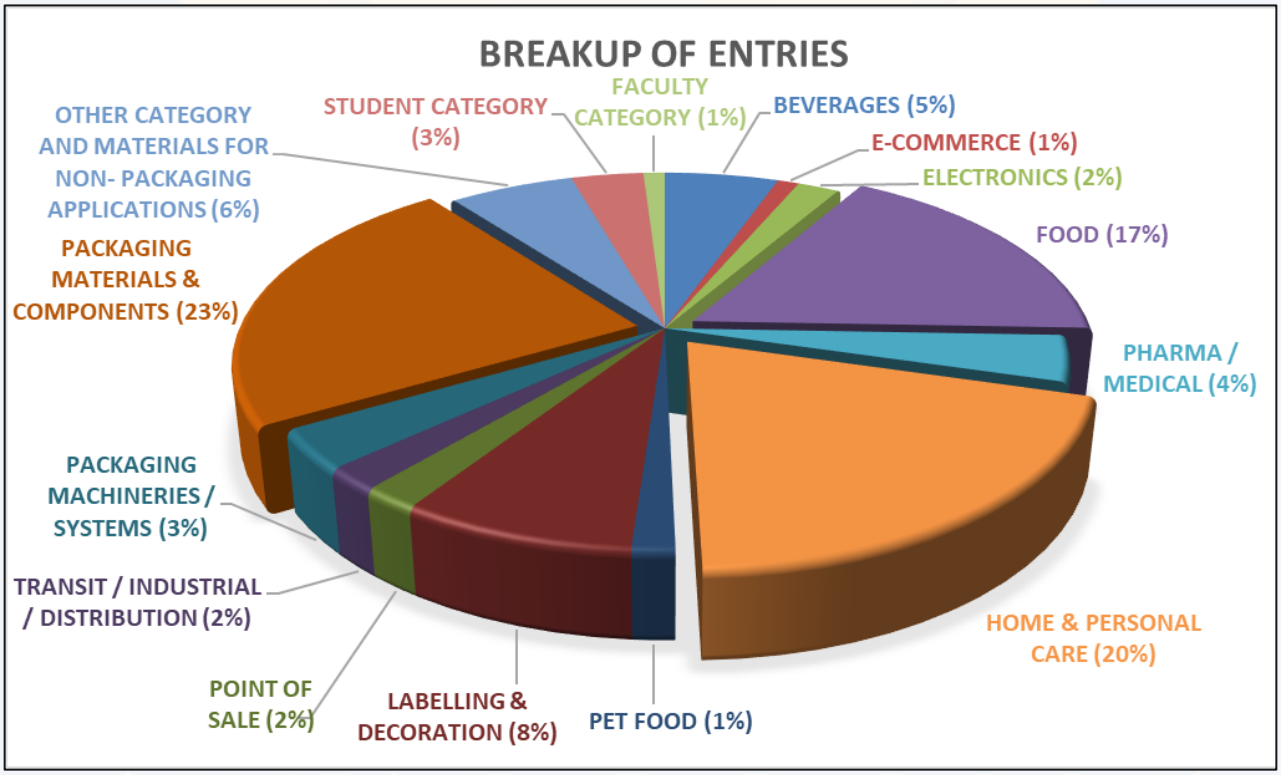
SIES SOP Star Awards 2025

The SIES SOP Star Awards were instituted in the year 2017 to recognise the talent among the Packaging Sector for its continuous efforts in Innovation / Creativity / New Developments across various product segments such as Beverage, Food, Health & Personal Care, Pharma among others.

The 8th Edition of the SIES SOP Star Awards this year saw a host of new developments in the entries submitted with 42% entries coming from converter/printer segments and 33% from packaging material manufacturers. The award categories in SIES SOP Star Awards are aligned with the WorldStar categories to simplify the application process for winning companies to participate in WorldStar Awards.

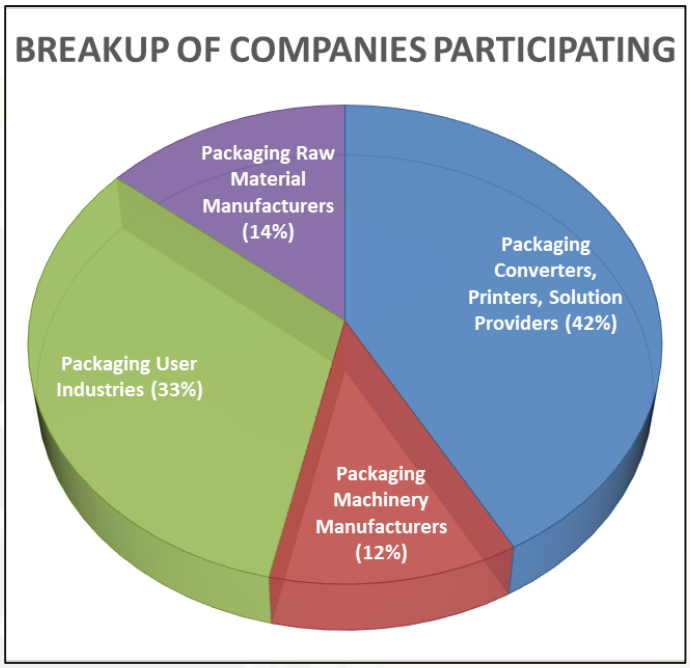
The total number of entries received were 206. The principal aspects of judging included:

* *Packaging Functions;*
* *Sales Appeal-On-Pack Branding / Marketability;*
* *Quality of Execution;*
* *Cost Reduction / Economy of material;*
* *Convenience;*
* *Design / Ergonomics;*
* *Sustainability;*
* *Cost saving and Creativity and Innovation.*



Packaging Materials & Components category, closely followed by Health & Personal Care & Food categories continue to drive developments in packaging majorly focussing on design, ergonomics, convenience, and sustainability.

There is almost a twofold increase in the number of entries focussing on recyclability and biodegradability compared to previous years which emphasises the cognisant industry push towards packaging sustainability. Student / Faculty category entries were received from Mumbai, Roorkee, Assam and Dehradun with their out-of-the-box ideas and creativity.



STATISTICS OF ENTRIES:

Entries received: **206**

Winning entries: **120**

Companies participating: **43**

Companies participating for the first time: **11**
