## SIES SOP Star Awards 2026

The SIES SOP Star Awards were instituted in the year 2017 to recognise the talent among the Packaging Sector for its continuous efforts in Innovation / Creativity / New Developments across various product segments such as Beverage, Food, Health & Personal Care, Pharma among others.

The 9<sup>th</sup> Edition of the SIES SOP Star Awards this year saw a host of new developments in the entries submitted, with the top 49% entries coming from User industries and 34% from packaging User converter/printer segments. The award categories in SIES SOP Star Awards are aligned with the WorldStar categories to simplify the application process for winning companies to participate in WorldStar Awards.

The total number of entries received were 227. The principal aspects of judging included:

- \* *Packaging Functions;*
- \* *Convenience;*
- \* *Sales Appeal-On-Pack Branding / Marketability;*
- \* *Design / Ergonomics;*
- \* *Quality of Execution;*
- \* *Recyclability & Sustainability;*
- \* *Cost Reduction / Economics of material;*
- \* *Cost saving, Creativity and Innovation.*

The Packaging Materials & Components category, closely followed by Home & Personal Care, along with the Food category, continues to drive developments in packaging, with a major focus on design, ergonomics, convenience, recycling and sustainability.

The entries were focused on tangible sustainability actions such as the use of PCR/rPET, mono-material components, and quantified plastic reduction. Participants placed greater emphasis this year on PCR content, material reduction and 'green' cues. Student category entries were received from Mumbai and Roorkee, with their innovative conceptual frameworks

### STATISTICS OF ENTRIES:

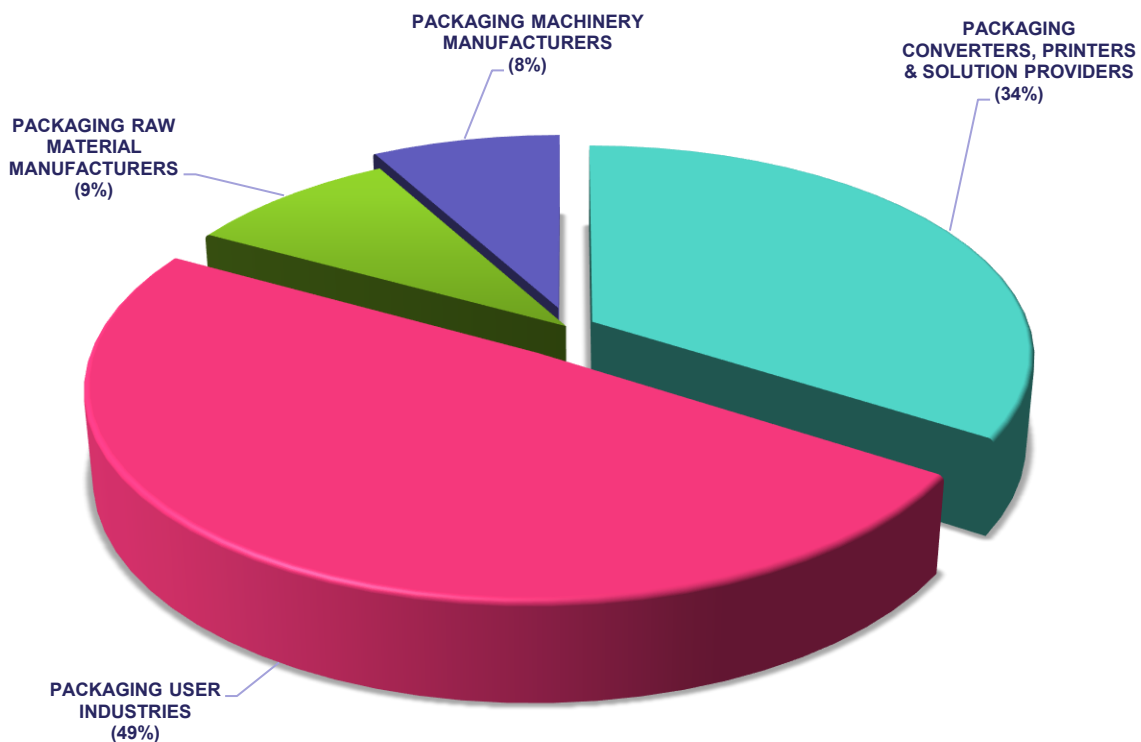

*Entries received:* **227**

*Winning entries:* **141**

*Companies participating:* **51**

*Companies participating for the first time:* **12**
