About SIES SOP Star Awards 2021

The SIES SOP Star Awards were recognizes the talent among the Packaging Sector for its continuous efforts in Innovation / Creativity / New Developments across various product segments such as Beverage, Food, Home & Personal Care, Pharma among others.

Having started in the year 2017, this 5th Edition of the SIES SOP Star Awards saw better participation and increase in number of entries as compared to 2020, the year of the first wave of pandemic.

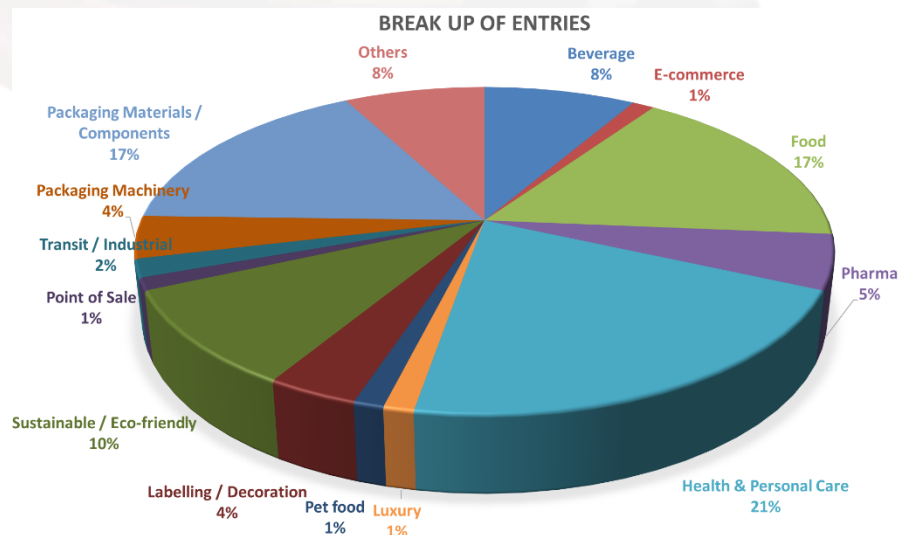

This year onwards, the award categories in SIES SOP

Star Awards have been aligned with the WorldStar categories to simplify the application process for winning companies to participate in WorldStar Awards.

Among the entries, developments in sustainability and materials were witnessed with maximum entries received in the Health & Personal Care category, closely followed by Food & Packaging Materials, showcasing the market trends for these sectors.

Total entries received: 167

Total winning entries: 96
